Faires Numerical

Dr. Burden has been named a distinguished professor for teaching and service three times at Youngstown State University. He was also named a distinguished chair as the chair of the Department of Mathematical and Computer Sciences. He wrote the Actuarial Examinations in Numerical Analysis from 1990 until 1999.

Numerical Analysis In  
the spring 2013, I used  
the textbook

"Numerical Analysis"  
(9th Edition) by Burden  
and Faires. I think the  
students liked the book  
because the algorithms  
for the numerical  
methods were easy  
enough to understand  
and implement as well  
as the examples were  
explained clearly and  
served as great  
validations for their
