Cat 3208 Marine Engine Review

Design of the 3208 Diesel Engine The original caterpillar 3208 diesel engine was a 225hp, 636 cubic-inch capacity V8 design. It did not have cylinder liners, but many engineering companies would re-bore the blocks and fit oversize pistons and rings rather than throw the engines away.

The 3208 Caterpillar Marine Engine - History and Design ...

Although the 3208 has been discontinued (1999) there are many still in service; the most popular applications for these engines are marine applications. The Caterpillar TA 3208, 375 HP will drive a 13T boat along at 35 knots. The difference between a NA engine and a highly boosted engine is huge when longevity is the primary goal.

Caterpillar 3208 engines - Dick Simon Yachts

Originally produced in 1975 through a collaboration between Caterpillar and Ford, the Cat 3208 diesel engine was extremely popular through its entire production run, which lasted into the early 1990s. The engine was used in heavy trucks, including tractor trailers, garbage trucks, school buses and construction equipment.

Caterpillar 3208 | everythingaboutboats.org

Originally produced in 1975 through a collaboration between Caterpillar and Ford, the Cat 3208 diesel engine was extremely popular through its entire production run, which lasted into the early 1990s. The engine was used in heavy trucks, including tractor trailers, garbage trucks, school buses and construction equipment.

Cat 3208 Engine Specifications | It Still Runs

Question: I have a 1989 Sea Ray with 375-hp Caterpillar 3208 diesels. Last year I overheated one of them and blew a head gasket. Overheating had been a problem for some time prior, incidentally. Anyway, I determined shortly thereafter that the gasket had blown into the cylinder although no cooling fluid had escaped. So I hired a diesel shop to

Caterpillar 3208 low rpm - Power & Motoryacht

The Cat 3208 is a good, reliable engine that, like all engines, will give you good, reliable service as long as they're not souped up. They will do very well at pushing boats in the 32-38' range, and do fairly well at pushing larger boats that have flatter bottoms and running at lower speeds, say around 20-22 kts.

Marine Engines - Comparing Diesel Types: Two Cycle, Four Cycle

Why We Like It: This engine wasn't the first Cummins Engine to bring some respectability to the medium duty diesel engine market but it surly refined it. The 4BT, 6BT and ISB 5.9L engines absolutely killed it in the torque rating capability.

10 Best and Worst Diesel Engines in History - Capital ...

3208 was a cheaply built/expensive to repair engine,, no sleeves only had 2 compression rings, they didn't last in trucks. There is a garbage hauler near me that got suckered into buying a bunch of new trucks with 3208's back when they first came out. They had nothing but problems with them.

OT - CAT 3208 Diesel problems - Page 2

The end of the crank doesn't really stick out much past the engine front cover. But you can stack up the pulleys to drive more things. My marine 3208 has 6 pulleys, 2 for hydraulic pump, 2 for jabaco wash down pump, 2 for alternator,, my old boat had 7. You just need more pulleys and longer bolts.

Cat 3208?? | The Diesel Stop

Cat 3208 Marine Engine Review The 3208 Caterpillar marine diesel engine was originally designed for the various caterpillar trucks and machinery. However because of its popularity it was redesigned to power yachts and pleasure cruisers as a main engine and other marine applications such as auxiliary engines driving electrical generators.
