Please check for blockages in the drain hole. You can pour a small amount of hot water down the condensate channel. Please check the fridge door is closing firmly, the thermostat is not set to the maximum setting, and that no food items are touching the back wall of the fridge. If the issue persists, please request an engineer visit.

LSFSR288UK 288L Laboratory Refrigerator - Solid - Lec Medical

I bought this fridge freezer to replace my 7 year old Beco. It looks well finished and runs very quietly. The fridge is well organised with good array of shelving inside. I like the digital temperature control. The freezer section has good sized storage adequate for our needs. This fridge freezer is frost free, which is a real benefit.
