You can also handwrite notes, and to do that I highly recommend the Cornell method. In the Cornell method, you draw a line down the left side of your page to create about a 2.5 inch margin on the left. You'll write your notes on the larger section along the right, and then use the area on the left for labeling the specific topics.

How to take notes in nursing school - Straight A Nursing

Nurses notes are simple pages with lines at the top reading: nurses notes or progress notes but there's a lot more to them. The information you write in these pages are legal documents. There are times when you do need to write and others you simply don't. It is important to know what to write in these documents.
