You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles.

Shutout Brendan Halpin

I read the book Shutout by Brendan Halpin and it was a fast-paced, exciting read. I absolutely loved it, it was very interesting. It was relatable to me because I also play/enjoy soccer. Halpin goes very in depth at expressing her characters throughout the whole book.

Brendan Halpin: Boston Writing Coach

Shutout Brendan Halpin Genre: Realistic Fiction Prediction: I think that Amanda and Lena will start drifting apart because they are on different teams and they will make different friends. Because of the title of the book, Shutout, I predict that Amanda will be "shutout" by her best friend. The subtitle makes me think that Amanda thought she knew her best friend, but once they enter high school she will see that she may not know her friend as well as she thought.
