"Sweatshop Warriors" is one of my personal top ten books on radical organizing. It looks at transnational sweatshops through the eyes of Korean, Chinese and Mexican women forced to leave their homes of origin to take super exploited labor jobs in the world's sweatshops, ending up in the garment rows of NY, Oakland, LA, El Paso, etc.

In-d. In this up-close and personal look at the heroines who make family, community, and society tick, Miriam Ching Yoon Louie showcases immigrant women workers speaking out for themselves, in their own words. While public outrage over sweatshops builds in intensity, this book shows us who these workers really are and how they are leading campaigns to fight for their rights.

While public outrage over sweatshops builds in intensity, this book shows us who these workers really are and how they are leading campaigns to fight for their rights. In-depth, accessible analyses of the immigration, labor, and trade policies that have collided to put these women in the most dangerous, poorly paid jobs dovetail with vivid portraits of the women themselves.

The transformation that the women make from sweatshop industry workers to sweatshop warriors is expressed in the development and maturation of the organizations they build to carry out their battles. Like the women's lives, their organizations are shaped by the contradictions and tensions unfolding within the sweatshop
