Problems with your passport. Your passport is, quite literally, your ticket to the rest of the world. If you don't have it with you at the airport, you won't be getting out of the country. If you lost your passport, or it was stolen, you won't get much sympathy at the border (whether you're coming to or leaving from your home country).

Problems You Might Face At The Airport While Traveling

Keep this in mind: Although you should always be authentic in an interview, there is some room to filter your answers and remain selectively professional. Choose those answers that represent the best of you in the interview. Don't Forget to Network. Finally, remember that the airport test goes beyond your future manager.
