The Hispanic data demonstrate that the doctor uses a variety of strategies in the exchange in order to show both his medical knowledge and his linguistic competence in expressing simpatía in discourse. The latter helps to create a pleasant atmosphere in an interaction in which the doctor's use of the language is paramount.

Medical discourse in a hispanic environment: Power and ...

A critical theory influenced by structuralism suggests that the surface meanings of signs in medical discourse prove less important than their structural relationships. In addition, a theoretical approach adopting elements of post-structuralism and Marxist literary criticism emphasizes the marginal, absent, or excluded elements of medical ...

A Critical Theory of Medical Discourse: How Patients and ...

Mishler (The discourse of medicine. The dialectics of medical interviews. Norwood, NJ: Ablex), applying Habermas's theory of Communicative Action to medical encounters, showed how the struggle between the voice of medicine and the voice of the lifeworld fragmented and suppressed patients' multi-faceted, contextualised and meaningful accounts.

Giving voice to the lifeworld. More humane, more effective ...
