User Guide Vs Training Manual

A manual is expected to give more in-depth information and instruction than a guide, which is just expected to give the overall information that the person or user may require. Basically, it can be said that a manual is a complete, in-depth set of instructions, whereas a guide is a simple 'how-to' that has enough information to get the user started.

Difference between Manual and Guide | Manual vs Guide

(My objection to "User Guide" r/t "User's Guide" is that "User Guide" in my mind seems to imply a "guide to the user" while the possessive on User's implies a guide FOR the user. But that may be just me.) There's also Programming Guide vs Programmer's Guide. That one has no winners.

User Guide vs User Manual - which is right? - Technical ...

Interview Answer. 1 Answer. . 1. . A user manual generally is used by our customers to find out what features/functions are available and how to use them. generally, user manuals explain each screen and field. A training manual is written a bit different and may have exercises for the user to complete. Training manuals are often given out when a customer attends a training session.

difference between user manual and training manual - Glassdoor
