What Matters Now: How to Win in a World of Relentless ...

What Matters Now: How to Win in a World of Relentless Change, Ferocious Competition, and Unstoppable Innovation. Never before have businesses faced a more fractured, contentious, and dynamic environment. Hamel lays out an essential agenda in a world where old nostrums aren't merely useless, but downright toxic.

What Matters Now: How to Win in a World of Relentless ...

In his new book, What Matters Now, Gary Hamel outlines how tomorrow's successful companies must completely rethink management. Gary Hamel, one of the world's pre-eminent business thinkers, demonstrates why last century's management theories-- developed more than a hundred years ago during the Industrial Revolution--are entirely wrong for managing today's successful organizations.

Program — What Matters Now

What Matters Now is a free, freestyle, global, bottom-up, online event on Friday, July 10, 2020. You can attend or perform live or recorded via YouTube. It's a series of 5-minute "lightning" talks and performances on the theme (loosely) of "what matters now" — by and for everyone who is creating, making, thinking, caring for each ...

FAQ — What Matters Now

What matters now? Given what matters now, what do you need to keep, drop, add, or delay? What non-economic projects/activities have emerged from COVID-19 and how are you accounting for them? (Self-care, family care, and additional labor due to shutdowns all count) "What matters now?" is admittedly a broad and difficult question to answer.

What Matters Now? | Productive Flourishing

What matters now in the consumer sector. Podcast transcript. Monica Toriello: Hello, everyone. Thanks for joining us for the first episode of this podcast series. We thought it would be appropriate to start with an industry-wide perspective about what matters now and what matters in the short term, the medium term, and the long term for both ...

Asking "What matters to you?" becomes one of the fundamental questions underpinning the discussion with patients. Shared decision-making is not a one-way transmission of information about options and risks from the professional to their patient. It is a two-way relational process of helping people to reflect on, and express, their ...
